Easy to learn, simple interface, hard to stop playing once you start, you don't have to be a serious wargamer to appreciate.

Now that the official review is complete, if this were any other game it would go on the shelf next to other games that have been “finished” but I have every intention of firing it up again.☺

This game is a classic hex war game. This is basically THE one to get. Have played many of the add on campaigns and had lots of fun with it. I seem to pick this up hard for a couple weeks or months and then let it sit. It is easy to pick back up even after a year or more on hiatus. I will eventually get through the entire war, but that will probably take a lifetime.. This game is a classic hex war game. This is basically THE one to get.
